

Memory Bags

Our *Memory Bags* have been designed to foster interaction between people living with dementia or other sensory related conditions and their family and carers.

Each themed *Memory Bag* contains a range of items designed to stimulate memories, engage the senses and promote shared experiences.

The themes available include travel, music, games, sport, school days, gardening, Aboriginal, inter-generational, men's shed, and sensory.

Memory Bags can be a useful tool for prompting reminiscences and conversation when documenting the history of a family members' younger years.

Memory Bags are available from the:
Armadale, Piara Waters and Seville Grove Libraries

They can be borrowed for free and reserved by all library members.
